This is the moment you've been waiting for, your Tanzanian safari starts here. You have so much to look forward to and we'll get your trip underway as soon as we give you an introduction to our team and explain what lies ahead.

Busy Arusha is an essential part of safari life here in northern Tanzania and most travelers pass through at some stage. Whether you're on your way out on safari or here for a little longer, you'll catch a glimpse of streets filled with energy and color.

Accommodation | Day 1

Masailand Safari & Lodge

Masailand Safari & Lodge has a fine location that combines the convenience of being close to the center of town with quiet surroundings and views of the countryside. The rooms here are large and modern with plenty of light, and you can relax in the swimming pool or the onsite restaurant. It's the perfect in-town base as you explore Tanzania's north. When the clouds clear, you may be able to see Mt Meru from here.

Tarangire National Park

Baobab trees and elephants will loom large over your visit to Tarangire, but keep an eye out also for lions, wildebeest, giraffes, hippos, buffaloes, baboons, vervet monkeys and zebras.

Accommodation | Day 2

Africa Safari Lake Manyara (comfort tent)

You're well-placed for so much of northern Tanzania when you stay at Africa Safari Lake Manyara (comfort tent), close to the shores of Lake Manyara. The large safari tents have big terraces and bright color schemes, and the lovely grounds come with distant escarpment views and lots of acacia trees. Enjoy the restaurant and swimming pool too.

Tarangire National Park

New day in Serengeti National Park

Welcome to the Unesco World Heritage-listed Serengeti, one of Africa's top safari destinations. While you're here, there's an excellent chance that you'll see leopards along the dry riverbanks, cheetahs out on the grasslands, and elephants, giraffes and all kinds of antelopes everywhere across the park. Watch also for the Serengeti's famous lion prides. And that's just the start. Some of the largest and most diverse wildlife populations on the planet roam the Serengeti, not to mention millions of wildebeest and zebras who migrate across the plains every year.

Evening Game Drive, Serengeti National Park

You'll love the warm light and cooler temperatures as we take you out to explore on your evening game drive. This time of day is when both predators and prey are most active and it can feel as though anything could happen at any moment. This is when you'll most enjoy being on safari.

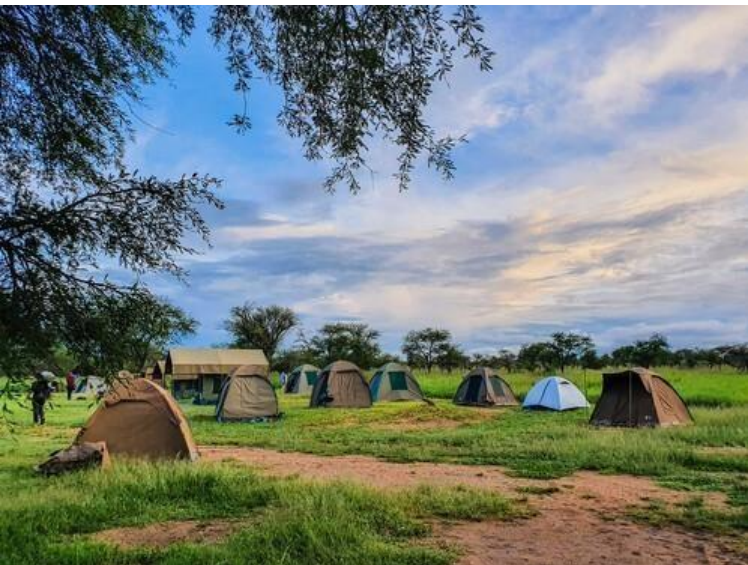

Accommodation | Day 3

Nyani Campsite

Inside Serengeti National Park

Stay deep in the Serengeti at Nyani Campsite. There's plenty of room to pitch a tent, as well as communal kitchen and bathroom facilities. But you'll especially love the location which is close to so much of the Serengeti's wildlife. There's also a chance that some of that wildlife will wander right past your tent. Listen at night for the sounds of the wild.

Early Morning Game Drive, Serengeti National Park

Put on some warm clothes and enjoy an early morning game drive. This is the perfect time to experience the wildlife and the landscapes they inhabit. The light is soft and warm – perfect for photography – and most animals are out and about, and active. If you're not an early riser, you'll definitely want to make an exception here.

Accommodation | Day 4

Serengeti to Ngorongoro Highlands

Explore the Ngorongoro Highlands, the high-altitude forests that cover the landscape close to Ngorongoro Crater. The climate here is much cooler than elsewhere in northern Tanzania, and the views of craters and mountains can be spectacular. Watch also for wildlife, including lions, buffaloes and even leopards, in the forests.

Accommodation | Day 5

Ang'ata Ngorongoro Camp

There's no better base for exploring Ngorongoro than Ang'ata Ngorongoro Camp. You're not far from the edge of the crater, but staying here also positions you perfectly for an early morning descent to the crater floor before most other travelers arrive. Good safari tents, a dining area, friendly service and an evening campfire where you can swap stories are all part of the experience. Don't be surprised if a buffalo wanders through camp.

Game Drive in Ngorongoro Crater & Visit Maasai Village

Your first sight of Ngorongoro Crater is likely not one you'll easily forget. As seen from the crater rim, this natural bowl, both vast and intimate, is one of Africa's most beautiful natural features, stretching 19 green kilometers (12 miles) from one side to the other. Down in the crater itself, you'll explore an astonishingly rich, self-contained ecosystem that is protected by high crater walls. Here, lions and hyenas hunt wildebeest and Grant's gazelle within sight of elephants and black rhinos. Your day spent here will reveal a surprising variety of habitats, from the Lereal Forest and salty Lake Magadi to the plains that rise and fall gently all across the valley floor.
