# Early Morning Game Drive in Serengeti & Drive to Ngorongoro Crater

The Bush never sleeps. Something, somewhere, is always at work or at play, hunting or being hunted, browsing, mating or simply going about its business. However, the early morning game drive in Serengeti is a particularly good time for our open vehicles to bring you close to the wildlife, just when the action is at its most exciting. Few predators hunt in the heat, so the cool of a new morning is when we are most likely to witness the thrill of the chase.

# Game Drive in Ngorongoro Crater & Fly back to Zanzibar (Night Flight)

You'll learn why magical Ngorongoro is unlike anywhere else in Africa. Cloud forests encircle the crater rim, and the view out across the caldera of this former volcano – quite apart from the altitude – will leave you gasping for air. Your drive down a steep trail carries you onto the crater floor where a unique wildlife offering is added to the sheer beauty of the experience. You'll share the sunken ecosystem of the crater floor with hyenas, lions, elephants, black rhinos and hippos. An ecosystem that has formed in the crater in the millennia since the volcano wrought its terrible fury upon the land. It could just be one of your best safari days ever.

Your safari will come to an end here and we hope that you will have fallen in love with Africa and with the whole safari experience. Enjoy your photos and wonderful memories until you can come back and travel with us again.
